Academic Calendar Link: <https://www.atlas.edu.tr/akademik-takvim/>

Founded in: 2018

Dear Pertner,

On behalf of Istanbul Atlas University, we are pleased to announce the continuation of our collaboration and look forward to achieving strong enrollment numbers in the upcoming 2025-2026 academic intake.

We would like to share the updated tuition fee structure and conditions, which have been revised. We kindly request you to review these changes carefully, as they will be applicable for the upcoming academic year.

Should you require any further details or clarifications, please feel free to reach out. We appreciate your cooperation and look forward to a successful partnership.

I- Application Principles

. Payment Terms and Installments

The total annual tuition fee for all undergraduate programs is paid in a maximum of two (2) installments.

The deposit paid by the student before registration is deducted from the student's annual tuition fee upon final registration. Deposit fees for pre-registration are non-refundable under any circumstances.

For installment payments, half of the remaining annual tuition fee, after the deposit is deducted, is paid in full at the time of registration. The remaining fee is collected by a promissory note due on 31.12.2025.

For Vocational School (2-Year) programs, the total annual tuition fee is paid in advance. Installment payment options are not available for these programs.

For graduate programs, the total tuition fee for the program can be paid in a maximum of three (3) equal installments. The first installment is collected during registration. The remaining balance is paid in two (2) equal installments on the specified dates.

2. English Preparatory Education

The prerequisite for the student to take the English placement test is completing the registration.

Faculty of Medicine and Faculty of Dentistry: Students who complete their registration for the English program are required to take mandatory English preparatory education if they fail the English Placement Test. The fee for English preparatory education is deducted as 6,000 USD from the student's previously paid annual tuition fee. The student renews their registration by paying the 6,000 USD deducted for the preparatory education during the following academic year's registration renewal process.

Other Undergraduate Programs (Excluding Faculty of Medicine and Faculty of Dentistry): The English preparatory fee is the same as the annual tuition fee for the related program. It can be paid in 2 installments for undergraduate programs.

English Preparatory Education (Graduate Programs): For graduate students, the fee for English Preparatory Education is 3,000 USD, which must be paid annually.

Turkish Preparatory (TÖMER) Education:

Students enrolling in the Vocational School will pay 500 USD for Turkish preparatory education.

This application is valid for the 2025-2026 academic year.

For students taking Turkish Preparatory Education at the undergraduate and graduate levels, they must pay at least half of the program fee (excluding deposit) to benefit from the free Turkish Preparatory Education right.

Students who remain in Turkish preparatory in the 1st year will be allocated 500 USD for the 2nd year's Turkish Preparatory Education at the beginning of the term.

Discounts on Tuition Fees:

A 15% discount is applied if the total annual tuition fee is paid in full.

A 10% discount is applied for each spouse, child, and sibling based on the determined tuition fee. (This is only valid for installment payments.)

If the tuition fee is paid in full, the discount rate for spouse, child, and sibling is applied at 5% on the discounted tuition fee (for full payments).

A student can benefit from only 1 (one) discount in addition to the full payment discount. (Discounts approved by the Board of Trustees are exempt from this rule.)

5. Discount for Prepaid Payments for All Academic Years:

- If the entire tuition fee for all educational years (4 years for undergraduate, 5 years for dentistry, 6 years for medicine) is paid in advance, a 25% discount is applied on the designated tuition fee (Installment Price) after the spouse, child, and sibling discounts are removed.
- If the student fails to graduate within the designated period and extends their study period, they must pay the fee for the extended period at the current program rate.

6. Tuition Fee Refund:

- Once the registration process has been officially completed, no tuition fee refunds will be made under any circumstances.

7. Deposit:

- Deposit For Dentistry 5000\$
- Deposit For Medicine 5000\$
- Deposit for Normal Program 1000\$
- Deposit For Vocational School 1000\$
- Deposit For Master Program 1000\$
- **Deposit For PHD 1000\$**

Required Documents for Admission and Registration

For Bachelor's Application:

For Master's Application:

1. Passport
2. Translated University Diploma
3. Translated University Transcript

For PhD Registration:

1. Passport
2. Original and Translated Master's Degree Diploma
3. Original and Translated Master's Degree Transcript

For Bachelor's Registration:

1. Passport
2. Original High School Certificate
3. Original High School Transcript
4. Translated High School Certificate
5. Translated High School Transcript

For Master's Registration:

1. Passport
2. Original and Translated University Diploma

3. Original and Translated University Transcript
4. Letter of Motivation
5. 2 Photos

For PhD Registration:

4. Passport
5. Original and Translated Master's Degree Diploma
6. Original and Translated Master's Degree Transcript
7. Letter of Motivation
8. 2 Photos

Registration Procedure:

- Students are required to complete the registration process in person.
- If a representative is completing the registration on behalf of the student, an official power of attorney must be presented.
- All necessary registration forms must be duly completed.

Language Proficiency Requirements English Proficiency

Applicants must meet one of the following proficiency requirements:

- **TOEFL IBT:** Minimum score of 75 (Home Edition not accepted)
- **PTE Academic:** Minimum score of 67

ISTANBUL ATLAS UNIVERSITY

- **CAE:** Minimum grade of B
- **CPE:** Minimum grade of C
- **Atlas University English Proficiency Exam:** Minimum score of 70/100

Turkish Proficiency

AtlasProficiency Test 70/100 (to be held online and face-to-face).

Students who have enrolled in the English Language and Translation program are also required to take the Turkish Language Exam. They must achieve a minimum score of 70 out of 100 on the Atlas Proficiency Exam, which will be conducted both online and in person.

Important notes Concerning Istanbul Atlas Univerity:

In the 2024-2025 academic year, we obtained accreditation from Libya and Saudi Arabia, in addition to being recognized in European countries.

Our Hospitals

- **Atlas University Hospital**

Combining 25 years of healthcare experience with a commitment to quality, Atlas University Hospital serves hundreds of thousands of patients annually with its modern infrastructure and advanced technology. The hospital features:

- 400 beds and 19 operating rooms (including a hybrid OR)
- 75,000 m² closed area
- 400,000 annual outpatient visits and 30,000+ surgeries

In collaboration with Atlas University, the hospital advances both national and global medicine through scientific research and academic contributions. It also provides hands-on training for over 10,000 students, maintaining its role as a leading institution in healthcare and education.

- Istanbul Atlas University Faculty of Dentistry Dental Hospital

Located in **Kağıthane**, this 2,300 m², three-story hospital offers specialized services in **eight departments**, including **Oral and Maxillofacial Surgery, Orthodontics, Pedodontics, and Prosthetic Dentistry**. Equipped with an **operating room, prosthesis lab, and advanced imaging technology**, it provides a **patient-friendly environment** and treatments under general anesthesia.

The hospital also engages in **social responsibility projects**, offering oral health screenings for students in primary and secondary schools. It serves as a vital learning hub for dental students, allowing them to gain practical experience using cutting-edge technology.

Our Laboratories

Atlas University offers state-of-the-art laboratories across various disciplines, enhancing hands-on education and research. These include:

- Medical & Health Sciences: Histology & Pathology, Embryology, Physiology, Pharmacology, Nursing, Midwifery, and Dissection Labs

- Engineering & Technology: Computer and Industrial Engineering Labs, Basic Physics & Chemistry Labs
- Specialized Labs: iRiS Kinetics, Language & Speech Therapy, Ergotherapy, Anthropometry, and Creative Labs

These facilities provide students with practical experience, fostering innovation and interdisciplinary learning.

FAQ: Applying to Istanbul Atlas University

1. Is Online Registration Available?

No, online registration is not available. The entire registration process must be completed in person.

2. What is the Language of Instruction?

The language of instruction at Istanbul Atlas University is offered in 100% Turkish and 100% English, depending on the selected program.

3. What is the Registration Deadline?

For undergraduate programs, the admission period begins on **July 1st** and continues until the **end of November** each year.

4. How to Apply as a Transfer Student?

If you wish to apply as a transfer student, you must submit the following documents:

- A **notarized translation** of your transcript, detailing the courses you have successfully completed.
- Course **content descriptions** for the completed courses.

These documents must be submitted through our **portal**. Once your application is received, it will be evaluated by our **academic committee**, and the results will be communicated to you via email

5. **Is the deposit refundable ?** NO

6. **Is the denklik required for registration ?** NO

7. **Does the student apply for residency through us?** Yes

Accommodation

1. Does the University Provide Dormitories?

Istanbul Atlas University **does not have on-campus dormitories**. However, the university has agreements with several external dormitories.
